

SELECTION POLICY

Who attends Training Camps?

Training Camps are invitational camps for athletes who have been identified and met OBSA's minimum standards.

The OBSA HPD invites Athletes identified at Camps throughout the year and last year who showed potential, but did not achieve the minimum requirements for the OBSA on-ice season.

Athletes who achieve the minimum 420 points, as well as the minimum 30m sprint standard at any Talent ID Camp or those who have demonstrated they are close to achieving this standard are invited to OBSA's Training Camps; along with current provincial and national team athletes.

Scoring sheet can be found attached.

Selecting the Athletes for the On-Ice Season

Y3s: The goal for the Y3s is to move up to the National Team in the current competitive season. (If they do not, they will become club sliders for Ontario responsible for their own sliding costs.)

Y2s: The Y2s will become Y3s and follow the National Selections & Championships, CanAm and NAC circuit in the current competitive season.

Y1s: Athletes newly recruited and selected in leading into the current competitive season will follow the Y1 programme. Y1 athletes must have met the minimum points and 30m sprint standards.
